

MCM

ENGINEERING, INC.

400 HZ TEST EQUIPMENT AIRCRAFT CABLE PLUG PIN TENSION GAUGE

- ✈ Stainless Steel Knurled Body
- ✈ Replaceable Test Pins
- ✈ Extra Test pins Included
- ✈ Wooden Carrying Case
- ✈ Durable Tension Strap
- ✈ Instruction Placard

MCM's Pin Test Gauge is used for testing insertion and retraction forces on worn aircraft cable head plugs. One end of the gauge has the proper sized pin for testing the A, B, C and N power plugs and the other end for E and F. The stainless steel body and tension strap are manufactured to extend life for the gauge.
